

“Hunger that leads to Humanity...”

It's 1st December 2022, we had an amazing fest full of deliciousness and happiness. It was an event where customer is served with a spoon full of Joy, plate full of happiness, glass full of sweetness and bowl full of satisfaction.

It was a great experience for us as an organising team, we were planning it since long and it was held successfully. In reality, we enjoyed the preparations and days when we are preparing this event. It was like the preparations of exams before examination. Our main motive of organising this event is 'DONATION'.

All Guests, parents, students, teachers and all participants enjoyed the fest. Especially all participants enjoyed the event as their hard work makes them satisfied.

There are many obstacles came in the path of planning and we tackled it successfully. As a team we learned how to plan and how to make that plan work. Any business event or any cultural event teaches us a lot. By taking all situations in positive way we made it worked. The day when we planned we just tried to make it work but it was just beyond our imagination and our efforts.

17 stalls were like, 17 stages to try new taste and new dishes, it gives a delightful experience to make different food dishes full of taste and full of varieties. All participants worked very hard to make this event prosperous and memorable ...

The part of 30% of this event is donated as a work of charity and Goodwill.

In Indian culture the role of donation is playing vital role.

“ अन्नदानं परं दानं ...”

“Giving food to the hungry is a great donation...”

“अन्नेन क्षणिका तृप्तिः ...”

“By food one's hunger is fulfilled and one can survive at that point of time...”

By following this rich and prosperous Indian Culture, we are donating food packets to the workers. We visited the sites and distributed food packets among 200 people. It's a new step for new generation towards humanity. We are the future full of goodwill and humanity, let's together makes our country starvation free. The small step means a lot like,

“A hand full of Dough and A heart full of Hope...”

Organising & Managing team of Fest:

Patel Deep, Dave Parth, Shah Jinay, Prajapati Chanakya,
Panchal Maitry, Panchal Twinkle

Special Thanks to:

- Our Principal, Mr. Rakesh Patel
- All participants
- Volunteers
- Account Team
